## World-class Facilities Services. Delivered by Award-winning Facilities Experts.

For close to four decades, PPM has been providing clients with innovative industrial mechanical, electrical, and civil construction services. The knowledge our expert technicians have gained from providing decades of plant facilities services gives the PPM team the ability to help advise clients on a number of plant maintenance and plant profitability issues.

PPM's customer-specific facilities services include a number of specialized services: building management, predictive and preventative maintenance, landscaping, janitorial services, capital planning, asset management, and more. Each service is designed to fit precise customer requirements, regardless of how specialized the need.

### Optimal Solutions. Optimized by Technology.

To help ensure the most innovative facilities services available, PPM employs the latest in advanced technology solutions—such as handheld wireless facilities systems and Computerized Maintenance Management Systems (CMMS). This technology is designed to help optimize the work of PPM's facilities team so customers can enjoy optimized manufacturing production.
